

IT IS TO BE "short horse soon carried" with this session of the Legislature, and it is probable that some important measures will be overlooked. The matter of inducing immigration from the United States is one that should have the attention of the members without much delay. The more people that are here permanently the better will be the business of every store keeper on the islands.

A good farmer is worth something to the store keeper who sells honest goods at low prices, that's us. We are offering ribbons all widths at prices that actually make us ashamed to tell you what they are. The coats of our rivals turn green with envy when they hear of them. We have them in every conceivable shade.

Our stock of underwear has never been equalled, much less excelled in either quality or price. It is absolutely the best at what you pay for a second or third class article. It was only by chance that we secured the stock of a well known dealer in San Francisco, (overstocked was his excuse for disposing of it), and as we got them far below the market value we are enabled to give you the benefit of our good luck. They're going rapidly, these suits, and you must speak quick if you want them.

If you are thinking about getting a riding or bicycle suit you had better look into our ladies, cloth and serges. The quality is right and so is the price. All shades and desirable widths.

## REPUBLICAN VANITY.

Our Rulers Do Silly Things and  
Held Their Former Views.

EDITOR BULLETIN:—For many years it has been my impression, that during the reign of one of the Kamehamehas, III., IV., or V., His Excellency R. C. Wyllie, Minister of Foreign Affairs, Capt. John Paty was duly commissioned and sent down to the westward, to take possession of, annex and raise the Hawaiian flag on Laysan, Lisianski and French Frigate Shoals, that all the islets in the general N. W. direction from these inhabited Islands might belong to this Nation. Is there not such a proclamation in the files of the Polynesian? At that time Mr. Wyllie's far look to the future excited ridicule, though he never had Gibson's plan of a Hawaiian Empire of the Pacific. On the other hand perhaps he would have favored the first Pacific Oceanic Cable, even if it were laid with British capital.

Hunting up and annexing barren rocky islands is as essentially Hawaiian republicanism as is the prevailing military show, expense and poppycock. A king was grudgingly allowed a corporal's guard to maintain royal state, guard public buildings and protect the Government, and the police were but a scanty few, yet there may have been at times from 2000 to 3000 sailors in port together. It is all right to make law and order safe and sure, but that is laid upon kings and presidents alike. Some men who were down in a minority hole a few years since are roosting on a high perch now, and have new views. HAWAII.

## The Bible in Japan.

The Japanese Bible seems destined to play an important part in the future development of the national literature. *Kirisutokyo Shimbum* recently discussed the necessity of revising the Japanese translation of the sacred book. As it stands, the work reflects no little credit upon its translators, but it is a recognized fact that the book is not free from errors of rendering and inelegancies of style. Seeing that the study of the Bible is rapidly increasing in this country, the Church authorities would do well to adopt the timely suggestion of the *Kirisutokyo Shimbum*.—*Japan Mail*.

**Consumption**

To the Editor:—I have an absolute remedy for Consumption and all Throat and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address. Sincerely, T. A. SLOCUM, M.D., 153 Pearl Street, New York. The Editorial and Business Management of this Paper Guarantee the genuineness of the above Proposition. Established 1876.
